Forbes Library, Watson Room
20 West Street Northampton**

What: An informal information session to learn about The Academy at Charlemont, and select openings in grades 7-11 for September 2012.

Who: Meet new Head of School Mark Efinger, students, parents, faculty and admissions representatives. Through informal conversations, learn about The Academy from those who know the school best. Bring your questions, leave with an understanding of The Academy program and community.

Why: At The Academy, rigorous academic and artistic exploration are nurtured by a supportive community, governed by an Honor Code. Every day, our students are also stretched by leadership, citizenship, and athletic requirements.

Everybody plays, everybody learns, everybody matters.
